Did You Know?

Dominion Business Machines has been renting office equipment for over 50 years. Customers like us! We are a 3 year Consumer's Choice Award Winner.

In 2022 Dominion Business Machines received several Google #1 rankings for printer repair Toronto.

We have just added more new office equipment to our rental inventory. New floor model office series high speed photocopiers with sorting/stapling, plus new colour copier/printers and several mid-range copiers.

We represent the industry leaders. Dominion Business Machines is an HP Partner, and a sales and service dealer representative for Brother, Okidata, Canon, Lexmark, Samsung, Lenovo, IBM Panasonic and Fellowes.

Dominion Business Machines has a unique collection of unusual and antique typewriters that date prior to 1880. These machines have been used in a variety of movies and community events. We were also involved with the movie premiere in Canada for Tom Hanks – “California Typewriters”.

We provide:

An event manager to oversee the event and ensure that customer requests are attended to quickly and correctly. The manager's responsibility is to have a successful event.

Considerations for Network Connected Machines:

Is the computer in good operating condition?

If the computer has issues with viruses or malware or faulty hardware or problems with updates then we cannot guarantee successful operation of the printer/scanner.

Does the computer/computing device run a supported operating system (Windows/MacOS)?

If the computer/computing device runs Android or IOS or is a Chromebook then we cannot guarantee successful operation of the printer/scanner.

Does the local user have administrative rights?

if the local user does not have administrative rights then we cannot install drivers/software.

Does the computer or computers connect to your head office by VPN?

If the computer connects to your head office by VPN connection, we may not be able to install drivers/software without the intervention of your head office personnel.
